Phone Status

Summary Forwarding Screening

Summary of Configured Services

Calls that you receive will be processed according to the following rules.

- All calls will ring your phone.
- When busy, calls will be forwarded to voicemail. ?
- On no answer or when unavailable, calls will be forwarded to voicemail.

Your Services

Call Settings Message Settings Notifications Reminders

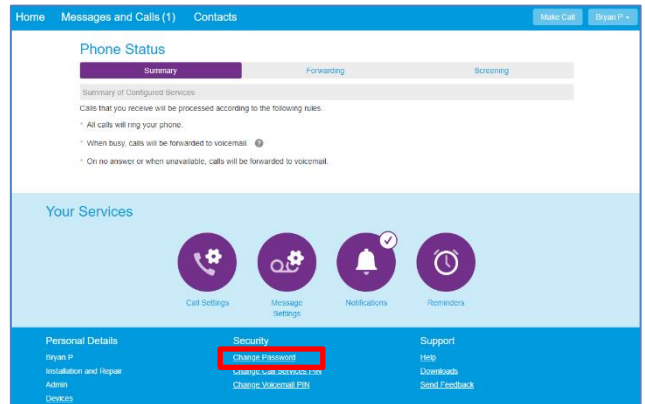

Personal Details: Bryan P, Installation and Repair, Admin, Devices

Security: Change Password, Change Call Services PIN, Change Voicemail PIN

Support: Help, Downloads, Send Feedback

2 Change Password

- Under Security, click [Change Password]
- Click [change] next to Account Password

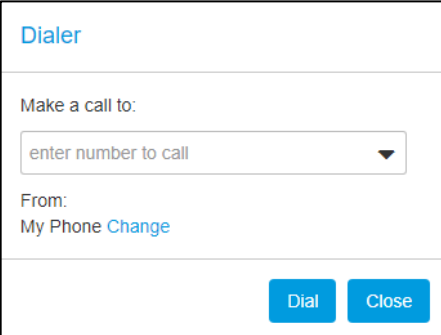

- Current Password: enter your current password
- New Password: enter your new password (must contain one letter, one number, and one special character)
- Confirm New Password: enter your new password
- Click [Confirm] to save

The screenshot shows the 'Change Password' form. It has a title 'Change Password' at the top. Below the title are three input fields: 'Current password:', 'New password:', and 'Confirm new password:'. Each field contains a series of dots representing masked text. At the bottom right of the form are two buttons: 'Confirm' and 'Cancel'.

3 Click to Dial

- Click the [Make Call] button 
- Make a call to: enter the 10-digit phone number to call, type a name, or select from drop-down
- From: leave this field set to [My Phone] to call from your desk telephone or click [Change] and enter a [10-digit phone number] to place the call from (home phone, cell phone, etc.).
- Click [Dial] to initiate the call.
- The telephone you are calling from will ring (desk telephone, home phone, cell phone, etc.). Answer the telephone and the call will be placed to the destination phone number. Example: Use your home phone to make a call using your desk telephone phone number.

The screenshot shows a web interface titled "Dialer". It contains a "Make a call to:" section with a text input field containing "enter number to call" and a dropdown arrow. Below this is a "From:" section with the text "My Phone" and a blue "Change" link. At the bottom right, there are two blue buttons: "Dial" and "Close".

4 Telephone Configuration

- See Telephone Configuration user guides on popp.com/support > Portals

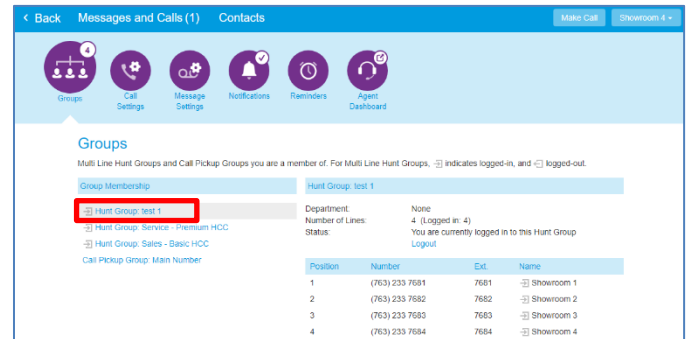

5 Log In/Out of a Multi Line Hunt Group (MLHG)

- Under Your Services, click on [Groups]

- Under Group Membership, click on the MLHG you wish to log in/out of
- Information for the group displays, including the total number of lines in the group, and your line's current status. To change status, select the [Login] or [Logout] link.

Note: Line must be enabled for Log In/Out by the business group administrator

6 E-mail Address (for Voice Mail to E-mail and/or Fax to E-mail)

- Click [Message Settings]

6.1 Delete E-mail Address

- Click [remove]
- Click [Apply] to save

6.2 Edit E-mail Address:

- Click [edit]
- Enter e-mail address
- Click [Add]
- Click [Apply] to save

6.3 Add E-mail Address:

- Click [add an email address] (maximum 20 e-mails)
- Enter e-mail address
- Click [Add] to save
- Click [Apply] to save

6.4 Forward Voicemails and/or Faxes to E-mail:

- Forward messages and faxes as emails: check the [Forward messages as emails] check box
- Click on the [Voicemails] or [Faxes] check box next to the desired e-mail
- Click [Apply] to save

The screenshot shows the 'Message Settings' interface. Under the 'General' section, 'Incoming calls are forwarded to voicemail after 20 seconds'. The checkbox 'Forward messages and faxes as emails' is checked and highlighted with a red box. Below it, the 'Forward to:' field contains 'systemdemo@popp.com' with 'edit' and 'remove' links, and an 'add an email address' link. To the right, there are two columns: 'Voicemails' and 'Faxes', each with a checked checkbox, both highlighted with a red box. At the bottom, the 'Leave original in Inbox' checkbox is also checked. 'Apply' and 'Cancel' buttons are in the top right corner.

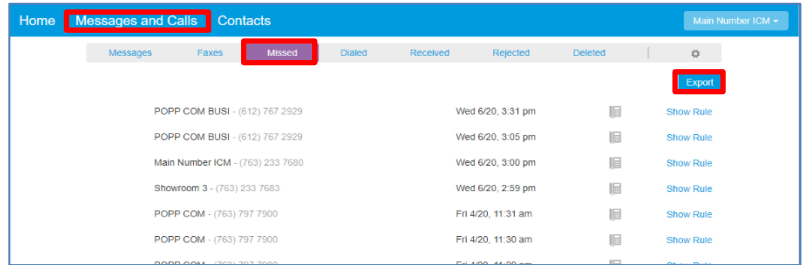

6.5 Leave Original in Inbox:

- When box is checked, a copy of each voice mail and fax (if applicable) is saved in messages
Note: Delete copies of faxes periodically to avoid exceeding the maximum number of messages.
- When box is not checked, voicemails and faxes are not saved in messages and are delivered via e-mail only

The screenshot shows the 'Message Settings' interface. Under the 'General' section, 'Incoming calls are forwarded to voicemail after 20 seconds'. The checkbox 'Forward messages as emails' is checked. Below it, the 'Forward to:' field contains 'systemdemo@popp.com' with 'edit' and 'remove' links, and an 'add an email address' link. To the right, there is a 'Voicemails' column with a checked checkbox. At the bottom, the 'Leave original in Inbox' checkbox is checked and highlighted with a red box. 'Mailbox Access' and 'Voicemail Greeting' are listed as expandable sections. 'Apply' and 'Cancel' buttons are in the top right corner.

7 Download Call Logs

- At the top of the screen click [Messages and Calls]
- Click [Missed]
- Click [Export]

- Check/Uncheck the boxes next to [Received], [Missed], [Dialed], and [Rejected] so that only the Lists that you want to export are selected
- Click [Export] to download the .csv file

- Click [Open] to view the call log file in MS Excel or [Save] to save

Note: For dialed calls, only records of the last 10 calls are available for export. For missed, received and rejected calls, records of the last 60 days of calls (up to a maximum of 500 calls across all types) are available for export.

8 Call Forwarding

View and Change Call Forwarding Settings

- Summary: View current settings

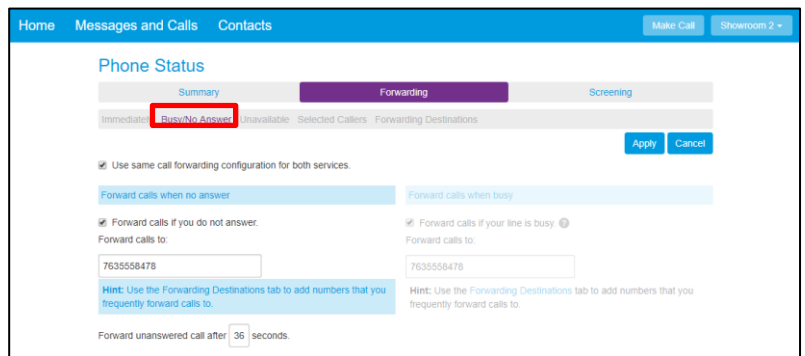

8.1 Forward All Calls

- Click [Forwarding]
- Check [Forward Calls Immediately] box
- Forward calls to: enter [10-digit phone number] to forward all calls to
- Ring my phone once when a call is forwarded: select [Yes] or [No]
- Click [Apply] to save

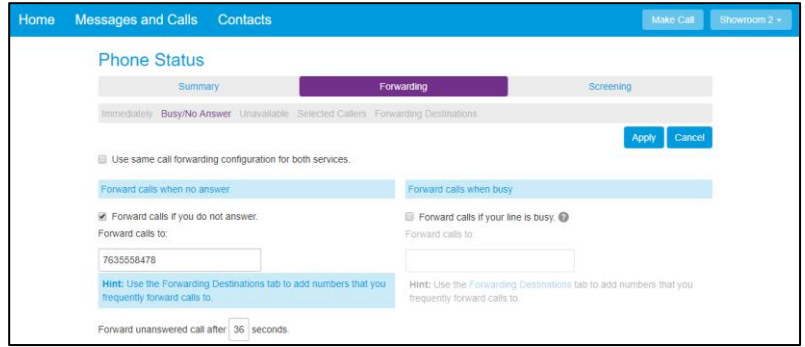

8.2 Forward Calls on No Answer or Busy

- Click [Busy/No Answer]
 - To forward calls to the same phone number when you do not answer and when your line is busy:
 - Leave the [Use same call forwarding configuration for both services] box checked
 - Check the [Forward calls if you do not answer] box
 - Forward calls to: enter [10-digit phone number] to forward calls to if you do not answer or if your line is busy
 - Forward unanswered call after: enter [# of seconds] you would like your line to ring before forwarding to the designated number (1 ring = approximately 6 seconds)
- Note: Number of seconds must be fewer than the number of seconds before incoming calls are forwarded to voice mail (see Messages tab for number of seconds before incoming calls are forwarded to voice mail)
- Click [Apply] to save

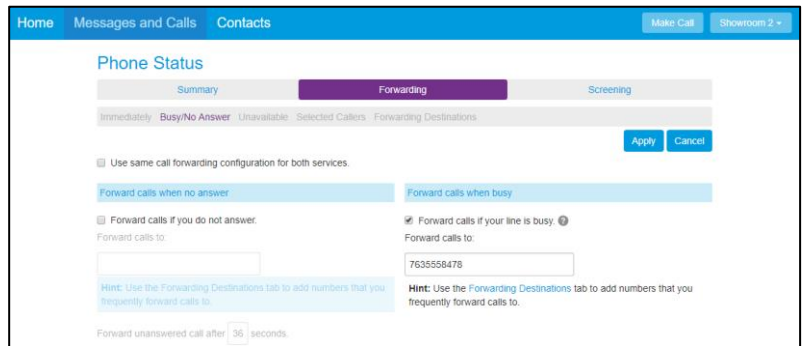

- To forward calls when you do not answer:
 - Uncheck the [Use same call forwarding configuration for both services] box
 - Check the [Forward calls if you do not answer] box
 - Forward calls to: enter [10-digit phone number] to forward calls to if you do not answer
 - Forward unanswered call after: enter [# of seconds] you would like your line to ring before forwarding to the designated number (1 ring = approximately 6 seconds)

Note: Number of seconds must be fewer than the number of seconds before incoming calls are forwarded to voice mail (see Messages tab for number of seconds before incoming calls are forwarded to voice mail)

- To forward calls when your line is busy:
 - Uncheck the [Use same call forwarding configuration for both services] box
 - Check the [Forward calls if your line is busy] box
 - Forward calls to: enter [10-digit phone number] to forward calls to if your line is busy
 - Click [Apply] to save
